## Advanced Energy Job Stimulus Application Part II

**THE ANSWERS TO THE QUESTIONS CONTAINED IN THIS APPLICATION WILL BE CONSIDERED TO BE LEGALLY BINDING AND A CONDITION OF ANY AWARD OFFER.**

### Proprietary and Trade Secret Information

The Ohio Air Quality Development Authority (OAQDA) has the authority and responsibility to protect and keep confidential trade secrets and other proprietary information. In the event that the materials or data submitted are deemed to consist of trade secrets or other proprietary information, as defined by ORC section 1333.61, only those portions of the document can be kept confidential by the OAQDA. It is solely the applicant's responsibility to conspicuously mark such items. A proposal may be submitted with certain sections labeled as confidential. However, only that information that is deemed to be trade secret under the aforementioned ORC section shall be kept confidential by OAQDA. Entire proposals or entire pages so labeled may not be deemed as proprietary and confidential under ORC section 1333.61. Please note that the OAQDA cannot, and does not, provide confidentiality for any material transmitted via e-mail.

Proprietary or business confidential information should be submitted only in hard copy and on a CD with the confidential information clearly marked. It is the responsibility of the applicant to precisely and clearly identify information to be held confidential.

Your Part II application asks for information to conduct a deeper review of the business proposition and submitting organization and must include the information outlined below. In submitting your application, you agree that you have reviewed and understand the application process, the program guidelines and award criteria. You may review this information at:
